

cop crag

Fine grained yellow/pink variegated sandstone

Applications:

Ashlar walling	✓
Thin cladding Fischer type system	40mm min
Dressed / Carved stone	✓
Rock faced walling	✓
Rubble walling	
Rockery stone	
External flooring / Paving	✓
External steps / Platts	✓
Internal flooring (requires sealant)	✓

Quarried nr Otterburn in Northumberland this is a very distinctive sandstone.

Cop Crag's character is in its variation of colour, from its background of rusty buff to swirls of browns and splashes of pink this stone is certainly unique, and individual.

Cop Crag has been notably used for the distinctive Victoria Gardens Shopping Arcade Harrogate, and the restoration of buildings at Durham Prison and Durham Castle. More recently it has been used for The Rutland Building Edinburgh, and The Medical School Glasgow.

Density (kg/m ³)	2186
Compressive Strength (N/mm ²)	89.4
Absorption (%)	4.62
Porosity (%)	17.77
Saturation Coefficient	0.57
Acid Immersion test	pass
Salt Crystallisation (%)	+0.99
Flexural Strength (dry/perp)(N/mm ²)	12.2

Dunhouse

Dunhouse have over 75 years experience in the quarrying and supply of dimensional building stone and currently operate nine quarries in the North of England and Scotland. We quarry a wide range of high quality stone, including buff stone from Northumberland and Durham, Scottish Red Sandstone and Weardale self bedded paving and walling stone.

We cater for the needs of the domestic and commercial customer, supplying stone to self build projects, as well as city centre developments and renovations.

Our capabilities range from supplying intricate carving to major refurbishment projects including Jenners Store and the Scottish National Portrait Gallery, to supplying large scale masonry developments including Clydesdale Plaza (10,000m² of Ashlar) and Scarborough Pier (3500tonnes of sawn blocks). Our Lathes and CNC machinery have turned columns for many prestigious projects including Covent garden and Victoria Bus Station.

Sample photo's are indicative of colour and character of the material. The amount of variation is subject to the type of material and current quarry conditions.

The photo's are generally demonstrative of the grain, colour and composition of the material. Any variations due to nature cannot be considered defects. Variation of shade and marking is a feature of a natural material. The Standard Conditions of Dunhouse Quarry Company Limited will apply.
